---

## **Education**

University of California, Irvine

Bachelor of Science in Computer Science

Expected Graduation: June 2022

Coursework: Software Design, Game Systems and Design, and Computer Graphics

---

## **Skills**

Coding: C, C++, JavaScript, HTML, Python, Figma, Unity, Unix Shell.

Bilingual: Fluent in Spanish writing, reading, and speaking.

Customer Service / Customer Support

---

## **Project Experience**

Chat Room (Client-Server GUI)

November - December 2020

A chat room for users to send text messages using rooms or directly to each other. The server was able to hold multiple users with different rooms to chat.

- Distributed tasks to two other teammates to code the chat room server quicker.
- Changed our peer-to-peer model, which was confusing to my teammates, to a client-server model, which I helped them understand, to speed up the design process.

ZotFeeds (Design project)

March - May 2021

ZotFeeds is a mobile app design project to help food banks in Orange County collect donations via the app. Donors would send notifications to food banks to pick up the donations.

- Allocated multiple tasks for the team of six to work in pairs.
  - Called out meeting times to discuss suggestions or concerns about the design.
  - Designed UI examples for the app using Figma.
  - Created Mockups for the app (Sign-up, Sign-in, and Home page).
  - Researched more potential participants to increase our list of app stakeholders.
- 

## **Work Experience**

20th Century Movie Theater: Redwood City

Manager

July - August 2019

- Delegated maintenance tasks to employees and trained new employees.
- Addressed customer needs and complaints.

San Mateo County Behavioral Health and Recovery Services

Office Intern

July - August 2018

- Scheduled appointments for incoming patients.
  - Managed and stored patients' files and information.
- 

## **Honors and Awards**

Dean's List UC Irvine

January 2019

Community Service Award (Given by Sequoia School District)

March 2018
